ACROSS PEMBROKESHIRE & EUROPE

For three years from September 12 2011, Fishguard will be better connected to Wales, the UK and Europe than at any time for a generation. This timetable shows the travel that is now possible, whether you are crossing Pembrokeshire, visiting Cardiff, Manchester or London, or travelling to Europe.

The *Fishguard Trains* website delivers news and discussion of the transport issues that affect you. This timetable compiled by *Fishguard Trains* suggests many ways to use the new services.

Every rail trip you make to and from Fishguard in the next three years will help to make this "Experimental Service" a permanent public service for North Pembrokeshire.

CROSSING PEMBROKESHIRE

Most Pembrokeshire towns have a rail service. Change at Clarbeston Road for Haverfordwest and Milford Haven. Change at Whitland for Narberth, Tenby and Pembroke Dock.

There can be long waits, but trains cross the county at times when no buses are running. Take a day trip to Fishguard from Tenby, or a day trip to Tenby from Fishguard.
